

Same-Day Surgery

1999 Index

Accreditation

- Accreditation to require benchmarking, JUL:83
- Competence: 'The shot heard round the world,' MAR:38
- Don't get tripped up by the 'No. 1 trouble spot' — Step-by-step guide to resolving problems with QI, JUN:72
- Fire drills are a problem — Here's how to ace them, JAN:14
- HCFA on track to beef up oversight of facilities, SEP:111
- JCAHO outlines causes of most wrong-site surgery, JAN:13
- Joint Commission crackdown: Are you doing flash sterilization properly? SEP:101
- Joint Commission offers new publication, DEC:148
- Joint Commission targets surgery — five areas identified for core measures, AUG:99
- Keeping records confidential is not tough, FEB:27
- Sample Physician Letter (Wound Infections), MAY:63
- SurgiCenter of Baltimore Investigation of Wound Infections, May:Supplement
- Use tools to screen for post-op infections, MAY:62
- When surveyor seeks info that's not in the standards, APR:51

Alternative medicine

- Check patients' herb use before same-day surgery, AUG:93
- Lakeview Hospital Patient Admission Assessment, AUG:Supplement
- Popular botanicals may cause interactions, AUG:94
- Publication addresses alternative medicine, AUG:93

Ambulatory payment classifications (APCs) (Also see Medicare and Finances)

- Outpatient PPS may be phased in, DEC:147
- Providers work to delay ASC rates' implementation, OCT:118
- Trouble ahead with proposed outpatient regs? JAN:11
- Will final APC regulations be published in '99? SEP:112

Anesthesia

- Guidelines for office-based anesthesia, DEC:Supplement
- Long arm of regulation reaches out from states and anesthesia society, DEC:137
- New Jersey regulations focus on patient safety, JAN:5
- NJ sets benchmark to regulate office anesthesia, JAN:4

Careers

- Key to survival: changing attitudes, NOV:134

Cost containment

- Cut your costs and reduce your stress: Select appropriate patients for SDS, APR:41
- Hospital targets scrubs and saves \$185,000, JAN:3
- Options are available to traditional trocar, MAY:56
- Reduce supply costs with information, JUL:82
- Reuse of single-use items: Common sense or higher risk? JUL:77
- Saving money with surgical scrubs and gowns: How far is too far? JAN:1
- Send Parkinson's patients home in hours, not days, JUN:68
- Shielded vs. unshielded: Selecting the right trocar for your program is critical, MAY:53
- Tips for shrinking turnaround time, FEB:24

- Tips to help you evaluate reproducers, JUL:79

Credentialing

- AMA offers credentialing assistance product, JUL:86
- Can your ASC meet the credentialing challenge of new tools, techniques? JUN:65
- Protect yourself with good (credentialing) documentation, JUN:67

Documentation/forms (Also see Credentialing)

- Day Surgery Checklist, NOV:Supplement
- Day Surgery Discharge Plan, NOV:Supplement
- Lakeview Hospital Patient Admission Assessment, AUG:Supplement
- Mountain View Post Operative Questionnaire, NOV:Supplement
- Mountain View Surgery Center Patient Outcome Reporting, NOV:Supplement
- Pat Phone Interview, APR:43
- Perioperative pathway ensures consistent care, MAR:35
- Protect yourself with good (credentialing) documentation, JUN:67
- Sample Physician Letter (Wound Infections), MAY:63
- So You Had a Tonsillectomy — Now What, NOV:Supplement
- Surgical Services Perioperative Pathway — Preoperative/Preprocedure, MAR:Supplement
- SurgiCenter of Baltimore Investigation of Wound Infections, May:Supplement
- Use your form during review to avoid reprints, MAR:36

When looking for information on a specific topic, back issues of *Same-Day Surgery* newsletter, published by American Health Consultants, may be useful. To obtain 1999 back issues, contact our customer service department at P.O. Box 740060, Atlanta, GA 30374. Telephone: (800) 688-2421 or (404) 262-7436. Fax: (800) 284-3291 or (404) 262-7837. E-mail: customerservice@ahcpub.com. Web: www.ahcpub.com.

Excerpt of CDC Guidelines for SSI
Prevention, SEP:Supplement
Health Care Worker Needlestick
Prevention Act of 1999, OCT:116
How can outpatients be tracked for
infection? SEP:105
Joint Commission crackdown: Are
you doing flash sterilization
properly? SEP:101
Ouch! New needlestick legislation
will mean paying more for safer
needles, OCT:113
Recommended Practice IV: Flash
(Steam) Sterilization Should Be
Carefully Selected to Meet
Special Clinical Situations,
SEP:Supplement
Re-examine processes for cleaning
bronchoscopes, SEP:104
Reuse of single-use items: Common
sense or higher risk? JUL:77
Sample Physician Letter (Wound
Infections), MAY:63
SDS programs test safety devices,
OCT:117
Summary of State Needlestick
Legislation, OCT:Supplement

SurgeCenter of Baltimore
Investigation of Wound
Infections, May:Supplement
Tips to help you evaluate
reprocessors, JUL:79
Use tools to screen for post-op
infections, MAY:62

Internet/World Wide Web

Clinical guidelines on the Web,
AUG:99
Extra! Extra! Free data available on
the Web, AUG:96
Follow these tips to develop strong
Web site, OCT:Supplement 3
Ongoing evaluation strengthens
Web site, OCT:4
Same-day surgery programs are
surfing the Internet,
OCT:Supplement 1

Laparoscopy/endoscopy/bronchoscopy

Cut thermal injuries with
education, inspections, APR:44
Principles and Guidelines: Patient
Safety During Electrosurgical
Procedures, APR:Supplement
Re-examine processes for cleaning
bronchoscopes, SEP:104

Laser surgery

Cosmetic procedures: Baby
boomers and lasers team up for
financial win, JAN:7
Don't miss out! Tattoo removal,
short recovery cosmetic cases in
demand, AUG:89
Follow steps for success with tattoo
removal, AUG:91
Want a service unaffected by
managed care? JAN:9

Management (Also see Careers)

Accreditation Tip — Competence:
'The shot heard round the
world,' MAR:38
Conduct an operational and process
audit, DEC:140
Don't miss out! Tattoo removal,
short recovery cosmetic cases in
demand, AUG:89
Eliminate unnecessary tests,
streamline pre-op, OCT:122
Follow steps for success with tattoo
removal, AUG:91

Hospital pitfalls with joint ventures, MAR:37

How to keep physicians from leaving your program, JAN:10

How to set up a one-stop preadmission department, OCT:121

Latex allergies: What you should know, JUN:73

Pearls of wisdom make life easier, JUL:87

Physician exodus (surgicalecth departus), AUG:95

Pre-op efficiency improves patient satisfaction, OCT:120

Questions from the front lines, OCT:123

Role of the SDS program in marketing to physicians, MAY:60

Teamwork keeps turnover time low, SEP:108

10 myths about latex allergy, JUN:Supplement

The medical director's role in same-day surgery, SEP:107

Waiting room audits tell much about your facility, JUN:71

Medical records

Accreditation Tip — Information management: Are policies understood? FEB:25

An overview of 1999 CPT code changes, APR:48

Keeping records confidential is not tough, FEB:27

Medicare (Also see Ambulatory payment classifications)

HCFA announces ASC rate updates, NOV:135

HCFA on track to beef up oversight of facilities, SEP:111

HCFA to pay \$50 more for new technology IOLs, OCT:119

New procedures (also see Laser surgery, Technology)

Corneal ring can correct nearsightedness, MAY:61

Gastrointestinal repair brings in new patients, MAR:33

Here's two new services for your SDS program, APR:46

Send Parkinson's patients home in hours, not days, JUN:68

Sentinel node biopsy considered for breast, FEB:22

What's next for sentinel lymph node biopsy? FEB:23

Nurses

AORN updates name, JUL:85

Patient assessment

Eliminate unnecessary tests, streamline pre-op, OCT:122

How to set up a one-stop preadmission department, OCT:121

Pre-op efficiency improves patient satisfaction, OCT:120

Tips for developing a thorough (elderly) patient profile, DEC:145

Patient/family education

Elderly may make mistakes with meds, DEC:146

How your program can meet needs of the elderly, DEC:144

Patient satisfaction

Comfort, good information top list of customer needs, SEP:109

Eliminate unnecessary tests, streamline pre-op, OCT:122

How to set up a one-stop preadmission department, OCT:121

How your program can meet needs of the elderly, DEC:144

Pre-op efficiency improves patient satisfaction, OCT:120

Quality assurance/quality improvement/benchmarking

Accreditation to require benchmarking, JUL:83

Benchmarking projects: How do you measure up? NOV:128

Don't get tripped up by the 'No. 1 trouble spot' — Step-by-step guide to resolving problems with QI, JUN:72

Extra! Extra! Free data available on the Web, AUG:96

How can outpatients be tracked for infection? SEP:105

Joint Commission targets surgery — Five areas identified for core measures, AUG:99

Medical outcomes are hard to track, NOV:130

Mountain View Post Operative Questionnaire, NOV:Supplement
Mountain View Surgery Center Patient Outcome Reporting, NOV:Supplement

Sample Physician Letter (Wound Infections), MAY:63

SurgiCenter of Baltimore Investigation of Wound Infections, May:Supplement

Use tools to screen for post-op infections, MAY:62

Variety of organizations offer outcomes projects, NOV:131

Regulation

Long arm of regulation reaches out from states and anesthesia society, DEC:137

States take action on same-day surgery, DEC:140

Risk management (also see Infection control and Year 2000/Y2K)

AMA offers credentialing assistance product, JUL:86

Are your tonsillectomy patients at risk for bleeding? Mayo study sheds light, NOV:125

Can your ASC meet the credentialing challenge of new tools, techniques? JUN:65

Cosmetic surgery patients pose high lawsuit threat, DEC:141

Cut thermal injuries with education, inspections, APR:44

Cut your costs and reduce your stress: Select appropriate patients for SDS, APR:41

Day Surgery Check List, NOV:Supplement

Day Surgery Discharge Plan, NOV:Supplement

Hospital targets scrubs and saves \$185,000, JAN:3

How to handle a consent for aggressive surgery, DEC:146

JCAHO outlines causes of most wrong-site surgery, JAN:13

Latex allergies: What you should know, JUN:73

Liposuction deaths hit the headlines, JUL:80

Most hospitals allow salespeople in the OR, FEB:21

New Jersey regulations focus on patient safety, JAN:5

NJ sets benchmark to regulate office anesthesia, JAN:4
 Options are available to traditional trocar, MAY:56
 OSHA latex warning raises storm of protest, JUL:84
 Patient Handout: So You Had a Tonsillectomy — Now What, NOV:Supplement
 Pat Phone Interview, APR:43
 Principles and Guidelines: Patient Safety During Electrosurgical Procedures, APR:Supplement
 Proposal encourages office surgery, JAN:6
 Protect yourself with good (credentialing) documentation, JUN:67
 Research says malpractice risk high with plastic surgery, DEC:143
 Reuse of single-use items: Common sense or higher risk? JUL:77
 Salesman in OR leads to lawsuits after patient dies, FEB:19
 Saving money with surgical scrubs and gowns: How far is too far? JAN:1
 Shielded vs. unshielded: Selecting the right trocar for your program is critical, MAY:53
 Stress bleeding potential in post-op instructions, NOV:127
 Study: Office liposuction has low malpractice risk, DEC:144
 10 myths about latex allergy, JUN:Supplement
 Tips to help you evaluate reprocessors, JUL:79

Staffing

Cross-training programs offer scheduling flexibility, NOV:132
 What role can LPNs play in the recovery room? APR:49

Surgeons/office-based surgery

AMA offers credentialing assistance product, JUL:86
 Can your ASC meet the credentialing challenge of new tools, techniques? JUN:65
 Cosmetic surgery patients pose high lawsuit threat, DEC:141
 Guidelines for Office-Based Anesthesia, DEC:Supplement
 How to keep physicians from leaving your program, JAN:10
 Liposuction deaths hit the headlines, JUL:80
 Long arm of regulation reaches out from states and anesthesia society, DEC:137
 New Jersey regulations focus on patient safety, JAN:5
 NJ sets benchmark to regulate office anesthesia, JAN:4
 Physician exodus (surgicaleth departus), AUG:95
 Proposal encourages office surgery, JAN:6
 Protect yourself with good (credentialing) documentation, JUN:67
 Research says malpractice risk high with plastic surgery, DEC:143
 Role of the SDS program in marketing to physicians, MAY:60
 States take action on same-day surgery, DEC:140

Study: Office liposuction has low malpractice risk, DEC:144
 The medical director's role in same-day surgery, SEP:107

Technology (Also see Internet/World Wide Web, Laser surgery, Laparoscopy/Endoscopy/Bronchoscopy, and Year 2000)

Can your ASC meet the credentialing challenge of new tools, techniques? JUN:65
 How to handle a consent for aggressive surgery, DEC:146
 Protect yourself with good (credentialing) documentation, JUN:67
 SDS programs test safety devices, OCT:117
 Send Parkinson's patients home in hours, not days, JUN:68

Year 2000 (Y2K)

Health care Y2K reference available for our readers, MAY:59
 Health system decides to test everything for Y2K compliance, MAR:31
 Is your SDS program ready for Dec. 31? MAY:57
 Multiply number of noncompliant items by 5, AUG:98
 Sample Provider Y2K Readiness Checklist, MAR:30
 (Y2K Contingency Planning) Executive Phase Timeline (Excerpt), MAY:58
 (Y2K Contingency Planning) Timetable (Excerpt), MAY:59
 Y2K testing: Will it save your equipment or destroy it? MAR:29
